Good afternoon!

There are two cahone palms and four trees that I would like to have removed from the upper garden. The trees are shading the vegetable plot and crowding productive trees. The two cahone palms have two coconut trees squashed and are hindering their growth.

Thanks, Beth

Tree removal in Milpa area

Good afternoon All,

After much discussion, the EAB has come to a consensus that we are not gardeners. Our committee descriptions that are posted on the web site explains that if there is to be

construction in the Milpa area, the EAB should intervene. For gardening considerations, the garden committee should be in charge as that is their responsibility.

Therefore, the EAB shifts garden responsibilities to the garden committee.

In accordance with committee requirements, plans need to be approved by the board.

I think this needs to be approved by the board voting to ensure there are no misunderstandings.

Thank you.

Respectfully,  
EAB chair - Doug DeGirolamo
